

Boston Alliance for Community Health Scholarship/Stipend Application

For use by neighborhood residents

Boston Alliance for Community Health is excited to offer workshop/training scholarships and daily stipends to our BACH members. We understand the importance of supporting our residents and community leaders in gaining the skills to be well-informed and successful advocates for systemic changes. Workshops/Trainings must be centered on skill building that connects with one of the five strategic issues listed below:

1. How can we achieve racial and ethnic health equity?
2. How can we improve coordination and integration of healthcare and community-based prevention services and activities?
3. How can we build and increase resilience in communities impacted by trauma?
4. How can we improve health outcomes by focusing on education, employment, and transportation policies and practices?
5. How can we increase the number of immigrants, people of color, and other underrepresented populations in leadership roles and decision-making processes?

Please fill out the following information to apply for a BACH scholarship and stipend to attend a training or workshop event listed on our website community events calendar (<http://bostonalliance.org/events/>). If you would like to apply for a scholarship or stipend for a training not listed on our calendar, please provide detailed information about the training in this application.
